SUMMARY

Software Developer with hands-on experience in full-stack web development using React, Node.js, JavaScript, HTML, and CSS. Strong foundation in programming, data structures, and problem-solving. Experienced in developing projects involving web development, AI, machine learning, and computer vision. Passionate about building scalable applications and learning emerging technologies. Seeking an opportunity to contribute technical skills and grow in a dynamic software development environment.

TECHNICAL SKILLS

Programming Languages: Python, Java, R, SQL, JavaScript

Web Technologies: HTML5, CSS3, Tailwind CSS, React.js, Node.js, Express.js, REST APIs, JWT Authentication

Databases: MySQL, PostgreSQL, MongoDB

Libraries & Frameworks: NumPy, Pandas, Scikit-learn, TensorFlow, OpenCV, NLTK

Tools & Platforms: Git, GitHub, Google Colab, Vercel

PROJECTS

Venue Booking Web App

Feb 2026 – Apr 2026

Web Development Project

Tailwind CSS, React.js, Redux, RESTful API

- Developed the Owner module of a venue booking application using React.js, Tailwind CSS, and Redux Toolkit.
- Created responsive dashboards and management interfaces for venue listings, bookings, and revenue monitoring.
- Integrated RESTful APIs and implemented centralized state management using Redux Toolkit to handle application data efficiently.
- Built reusable components and optimized frontend performance to deliver a seamless user experience across devices.

Forest Roadside Animal Vehicle Collision Avoidance System

Jan 2025 – Apr 2025

IoT Project

OpenCV, NodeMCU, ESP32 CAM

- Built an IoT-based real-time animal detection system for forest roads.
- Used OpenCV and ESP32-CAM to stream video and detect animals.
- Improved response time by activating alert LEDs instantly for detected animals.

Brain Tumor Classification with DenseNet-121

Mar 2025 – Apr 2025

Deep Learning Project

TensorFlow, Scikit-Learn

- Developed a deep learning-based brain tumor classification model.
- The final trained model achieved an overall accuracy of 88%, with strong precision, recall, and F1-scores across all classes.
- The evaluation also shows a high AUC-ROC of 0.98, indicating excellent discriminative ability.

Webpages for Seva NGO

Oct 2024 – Nov 2024

Web Development Project

HTML5, CSS, JavaScript

- Developed responsive webpages for Seva NGO using HTML5, CSS, and JavaScript.
- Designed and implemented user-friendly layouts to improve content accessibility and navigation.
- Built interactive elements using JavaScript to enhance user engagement.
- Optimized webpage structure and styling for better performance and cross-browser compatibility.

Computational Group Theory with Python

Dec 2023 – Apr 2024

Algebra Project

Python

- Developed a Computational Group Theory project using Python to study algebraic group structures.
- Implemented algorithms to compute and analyze groups and their subgroups.
- Designed programs to display group properties and subgroup relationships programmatically.
- Applied mathematical concepts of group theory to build efficient computational models.

EXPERIENCE

Front-end Developer Intern

ASM Academy

Feb 2026 – Apr 2026

Nilakottai, Dindigul

- Engineered a responsive Venue Booking Web Application using React with modular and scalable frontend architecture.
- Developed dynamic UI components to streamline venue search, selection, and booking processes.
- Improved application responsiveness and performance through component optimization and efficient state management.
- Worked in an internship environment to translate project requirements into functional frontend features and intuitive user experiences.

EDUCATION

The Gandhigram Rural Institute - DTBU

MCA (CGPA: 8.9)

Dindigul, Tamil Nadu

Jul 2024 – May 2026

The Gandhigram Rural Institute - DTBU

B.Sc. Mathematics (CGPA: 8.6)

Dindigul, Tamil Nadu

Sep 2021 – May 2024

S.R Vidhyalaya Matriculation Higher Secondary School

Class XII (93%)

Trichy, Tamil Nadu

Jun 2020 – Apr 2021

SFS Matriculation High School

Class X (93%)

Dindigul, Tamil Nadu

Jun 2018 – Apr 2019

CERTIFICATIONS

- Responsive Web Design – freeCodeCamp
- JavaScript Developer Certification – freeCodeCamp
- Full Stack Web Development Training
- NCACDS 2025 Paper Presentation

AREAS OF INTEREST

- Full Stack Web Development
- Frontend Development
- Database Systems
- REST API Development
- Machine Learning
- Deep Learning
